

Paid Subscriptions- Guide

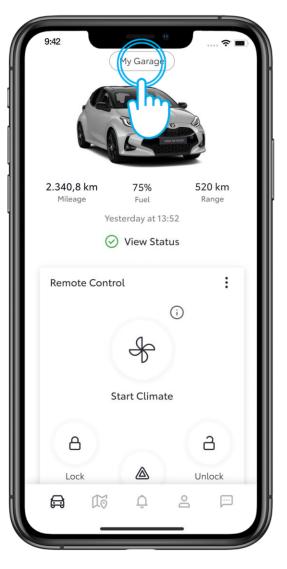

INTRODUCTION

In this document, we will explain Paid Subscriptions and show you how to activate them in the MyToyota app.

We'll use Remote Services as an example. They allow you to access your vehicle remotely from your phone to control the climate before departure, lock your vehicle if left unlocked, or locate it in a busy garage by activating hazard lights.

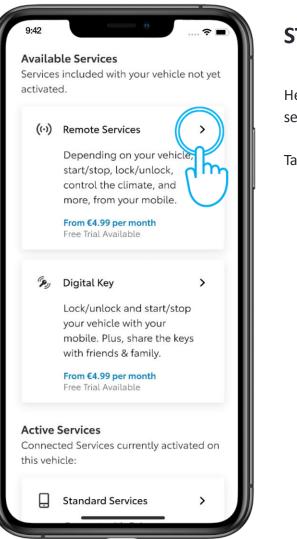

STEP 1

In your MyToyota app, Tap on "My Garage".

Smart Services

STEP 10

Back in the Connected Services Centre, you will see an updated overview with Remote Services active.

Manage your subscription by tapping on Remote services at anytime.

Enjoy the start of your "1-month free trial".

*MyToyota app functionality varies according to the car model and grade. The remote climate control feature requires, but is not limited to, specific vehicle hardware such as automatic transmission, push startstop and auto A/C.

EVERY FEATURE COUNTS

*Connected Services are continually improving, therefore visuals and app screens in this guide may slightly differ from those seen in your MyToyota App.
